

Preschool E-Learning Day 1

Student Name: _____

Literacy/Language	Math	Social/Science	Motor Skills	Other
Compound Words: Compound Word Cards Cut on the dotted line but keep each column separate. Choose a word from the left column to match with the right - what word did you make?	Scavenger Hunt: Shapes Take a walk around your house. Find and identify objects that are round (circles and ovals). What objects have 4 sides and 4 corners? (rectangles or squares)	Social Science: Family Draw a picture of your favorite Christmas tradition... making cookies for Santa, opening presents, playing with siblings/cousins, reading a special Christmas Story?	Fine Motor: Finger Strength Play with play dough. Roll, squeeze, squish, and create with it. Make the letters of your name.	American Sign Language: Practice ASL signs: Color words: red, yellow, blue, green, orange Letters: M, S, A, T Classroom routines: line up, look, listen,
Poem: <i>Little Red</i> Read through the poem and highlight the letter Tt throughout.	Go Fish: Colors Cut on the dotted line, shuffle the cards, select 3 cards to play Go Fish.	Social Science: Community List/name things you can do in your community (town or neighborhood)	Fine Motor: Writing Complete the Name Practice Activity page	Social/Emotional: Social Understanding Play a board game with a family member. Follow the game rules and take turns.
Rhyming Words: Word Family Cards Review the words, cut on the dotted line, flip the card picture side down in random order, and play a game of memory match.	Sort by Attributes: Color Collect household items that are blue, red, yellow, green, and orange. Sort the items by color.	Science: Discover Try to catch a snowflake on your glove. Look closely (use a magnifying glass if you have one). Describe what you see!	Gross Motor: Freestyle Movement Have a Dance Party!	Art: Draw a picture of your favorite thing to do in the snow. Have Mom, Dad, or older sibling label the drawing
Book: <i>Staying Healthy</i> Point to and name the book parts - title, front cover, author. Use the pictures to read the words.	Patterns: Gather small household items in 3 different colors or 3 different shapes. Make an ABC pattern with the items.	Science: Experiment Using watercolor or tempera paints, or food coloring in water, predict what will happen when you mix colors together. Try it	Gross Motor: Structured Movement Bear walk from the living room to the kitchen.	Music: Sing one of our Concert songs to someone (family member, stuffy, pet).

Complete and mark at least 1 item in each column. Extra activities earn Dojo points! Attach the work to this sheet or take pictures and share with me on Class Dojo - turn in within 2 school days of returning from the E-Learning Day. You may email me at melissa.kuehn@milroyschools.org or through Class Dojo with any questions and I will be available during school hours.
